

Ankh Consulting International

Significance of logo

The Ankh is the Pharaonic symbol for Life. Below the Ankh is a creative representation of:

- 1- two hands interlocking
- 2- the Horus eye, symbol of health and restoration.

AnkH Consulting International was first incorporated in Canada in 2021 and opened in Rwanda in 2023 with the mission to support businesses, governments and educational institutions that aspire to be truly inclusive by providing training and consulting services to build diverse and authentic environments where everyone can fully realize their potential and put their talents to contribution.

In a world where more and more people feel distressed, we want to help create environments where everyone has a sense of belonging and is free to express their authenticity without fear of reprisal, with respect and dignity for others.

AnkH specializes in the areas of gender equity, diversity and inclusion, leadership, transformation and human resources, and project management. In our founder's eyes, to have fullness of life, one needs to first find healing from pain and trauma and be restored by interacting with others in the spheres that help us grow. It is only then, that organizations can succeed and accomplish great endeavours.

Christine Ebrahim, Founder

Christine Ebrahim founded Ankh Consulting International in Montreal, Canada, in May 2021, following a vast international experience that led her to realize the deep need for building bridges and creating environments where people belong. She is known for her atypical life path and her desire to constantly grow by getting out of her comfort zone, as much as possible.

As a former Canadian Diplomat, Christine was posted to Iran, Portugal and Saudi Arabia where she also led dozens of employees by being a compassionate leader and an exceptional communicator in both English and French.

Being of Egyptian origin and having immigrated to Canada as a child, she knows the challenges of “never feeling you fully belong”. Today, Christine uses her personal and professional experiences to build communities that are strong and willing to work together through challenges while being resolutely mindful of diversity and inclusion. Indeed, equity, diversity and inclusion are core values to Christine’s life. She also worked as a Senior Advisor, Equity, Diversity and Inclusion, at McGill University (Montreal, Canada).

After obtaining her Bachelor’s degree in Political Science (2006) from Université de Montréal (Montreal, Canada), Christine went back to school as a mature student to obtain her Masters of Public and International Affairs from York University (Toronto, Canada), in 2018. She is also a certified Project Management Professional (PMP) since 2020.

She looks forward to helping you and your team fulfill their utmost potential.
